Newsletter

June 2011

Mixed Up Month

We are well into June and you haven't until now received your Newsletter. This mixed up month, which is all out of sync, may next year be omitted and officially known as a Nags Newsletter Holiday.

Once again, a great job was done by everyone while we were away. Karl and Richard again proved to us, to you and to themselves, they are well deserving of their roles as Manager and Head Chef

SUCCESSFUL CELEBRATIONS

Since our last newsletter, there have been a couple of different occasions which have had excellent reviews.

Wedding

On Friday 27th May, the Nags Head was the venue for a wedding reception, (holding both the day and night celebrations). The wedding was attended by a lot of guests who live locally. Our contribution:- food, service and venue ambiance, all helped make their day just perfect.

Birthday Party

Although this is nothing unusual for us, the number we catered for was. Our Farriers Restaurant usually holds up to 55, but on this occasion there were 63 people. Karl, pre discussed a room plan and was able to accommodate all the guests comfortably. A 3 course Sunday Lunch was provided and the reports upon departure were excellent. Good food, (beef in particular) and lovely pleasant staff. A lot of local farmers attended.

These kind of compliments help to maintain and encourage team spirit. Everyone works so very hard and comments like those above are very much appreciated.

RICHARDS HERB GARDEN

Richard, Head Chef requested an area at the front of the Farriers Restaurant for his very own Herb Garden. - We needed to relocate some shrubs, with this now done, the herbs are in.

We were not too sure if he would nurture them, feed them, talk to them and generally ensure their healthy well being:- well it appears he does. As such we have all agreed to increase his garden space, so more fresh herbs will be on hand.

GOOD JOB

Nags Head Walking Map

We have added to our web site and on our display table at the Nags a bespoke **walking map**, with routes that specifically set off from the Nags. There are 5 different routes ranging between 1 to 4 miles.

This info was in our last newsletter, but:- it is new, - so we think it deserves a second mention.

HISTORICAL MOMENT

OUR BOWLING GREEN

Is having its'

100 YEAR CENTENARY

Karl has contacted Crewe & Nantwich Chronicle, hopefully they will run a follow up story later this month.

Debbie's Column

Issue No 7

I have a LOT more space this month, but very little to say. Rory and I have been away for our pre summer season break. We had a fantastic time as usual, and have once again recharged the batteries.

In the Garden

Alan, has been working the garden while we have been away. Things sure have shot up, and the flower beds, look great. We intend to spruce up the med patio, and organize the hanging baskets next.

Ongoing Uplift

So much to be done as always. I don't think anyone ever finishes getting done the jobs they have planned.

Time

And one of the main reasons for jobs not getting done is "Never enough time in a day". Whoever you are, retired or otherwise, whatever you have to do, there is just not enough time. You can only fit so much into one day, so whether it is because you want to do something, have to do something, or want to do something but can't, we must all accept the constraints of time, and our individual limitations. Enjoy it though, however long it takes.

Unfortunately, I am someone who has to always be doing something, I always have a list. If I'm not busy, I'm probably not too happy. Wouldn't do for us all to be the same. I suppose one day I will slow down, but for now, I am in general, a happy little soul.

JUNE / JULY PLANS

Both ponds will be up and running.

Farrier Courtyard tables are to be finished off.

And - Next month will see Karl and Katie, take time away for their honeymoon.

The LINK - Where to Eat

In the May issue of the "Link" Maureen said she would bring her celebrity guest here to the Nags for Sunday Lunch. Thanks for choosing us Maureen.

STUDENTS ARE BACK

Old familiar faces will be joining us again this summer. Vicky Armstrong and Hannah Ives who, now 20 / 21 started working with us when they were 14, are finishing university. Sadly, this summer maybe the last time they return to us for work!!
