Newsletter

December 2011

Have you seen our Reindeer?

To show variety we have moved all repeats to the right hand column for a change. Xmas will soon be over and we can look forward to an interesting 2012

Mini Refurb - progress report.

Opening up the wall at the end of the bar! --The hole is there, and what a difference!-- It makes it all look huge, - huge I tell ya. It's all now supported, and has its initial render. The job though has created the need to refurnish that area sooner than planned, we will do what we can, but new furniture may have to wait.

Thursdays 3p's (*Pie night*) is no more. *Tuesday's Choice* will change to Thursday, not sure what we will call it, but as of January it will switch days.

NEW FUNCTION MENUS

We've talked for a while about wanting to promote GROUP FUNCTIONS and CELEBRATIONS etc. We now have :-

- 3 Dinner Menu Options,
- 3 Cold Buffet,
- 3 Hot Buffet and
- 2 Knife and Fork Buffet Menus.

Catering for Christenings, Birthdays, Social Group Meetings, Small Weddings and Anniversaries, our "Function Menus" start from £7.50pp and go up to £32.00pp. Bespoke menus can also be arranged.

For now, you can pick up our Function Menus In-House, unfortunately they won't be on the net for a few weeks. Our Farriers Restaurant, which caters for around 60 persons is what makes us the ideal pub restaurant venue. Add to that our excellent reputation for food quality, service, comfort and overall ambiance then, the Nags Head is worthy of consideration.

"VOUCHER" Cut out and keep

Nags Head, Haughton Moss,

Simple;- photo copy it, re type it, give it away or hand loads out. The top and bottom of it is; book a group booking for 15 persons or more on any evening, between January 2012 and November 2012 and this slip valued at £25.00 can be used as a voucher towards payment. It doesn't matter when you book, but there can only be one voucher per function group of 15 or more. That's all the rules there are, so don't throw this section away, keep it till November 2012. (PS excludes Early Diners Menu options)

Tel 01829 260265.

DECEMBER PLANS
To Enjoy Xmas

Debbie's Column

Issue No 13

Wow, not a spare minute. It is great. I am having a blast with all our customers. At lunchtime we have a reputation for attracting a more mature rowdy crowd but we have loads of fun. I am pleased we have this mutual understanding. Last week I was particularly touched when an elderly regular held my hand and said, "Debbie, let me tell you, you make a lot of old people very happy". For once, I was speechless.

Next, so many cute and quirky things. We made the reindeer and sledge and a few more little dudes to stand with them, some people must think I'm daft. "Cute" to me creates a smile, this then creates an emotion that has no malice, no jealousy, no fear, and presents no threat of superiority. In my book cute and novel stay.

Then there's the refurb, an ongoing roller coaster ride of, contemplation, complication, responsibility and result, no one wants to get it wrong, but all this variety is where the fun is.

And on top of that, a new business venture for Darren my son. I have a little part to play on the creative, novel and cute side, but the rest is up to him. Rory has a bigger part to play by setting up designs and setting up an internet sales web site. It is all very early days. I'd like to tell you more, but not for a month or two.

So that's it for now. By the time the next Newsletter comes out, Xmas and New Year will have gone by, so from Rory, Myself and everyone here, **we sincerely wish you a very Merry Xmas.**
